## GUIDE TO TAKING THE JUDGMENT INDEX™

- Please make sure you take the Judgment Index™ by yourself and are not influenced by anyone as this will spoil your results.
- There is no time limit but it will probably take you around 15-20 minutes to complete.
- You will find two columns of 18 statements to re-arrange in order of priority. Some statements may appear strange. It's ok, they are meant to be like that.
- It may be difficult to decide on the position of some statements; they may seem equally good or bad. Just go with what feels right for you.
- You can switch the order of statements as often as you need. It is important you are happy with the final ranking order.
